

Sauvignon Blanc Single Vineyard

Nestled in the heart of the Elim wine ward, Zoetendal Vineyards crafts an extraordinary **Sauvignon Blanc** that is a true reflection of its unique terroir. Our vineyards benefit from the cool maritime influences of the nearby Indian and Atlantic Ocean, these ideal growing conditions give rise to a Sauvignon Blanc of remarkable intensity—bursting with bright citrus, green fig, and tropical fruit notes, underpinned by distinctive herbaceous undertones and a signature flinty minerality that speaks to our coastal terroir.

At Zoetendal Vineyards, we pride ourselves on producing a world-class Sauvignon Blanc with a structured palate, combined with a lingering finish, that embodies the spirit of Elim and showcases the vineyard's distinctive character – a true expression of terroir-driven excellence.
